Dear Parent / Guardians.

RE: COVID-19 PROTOCOLS IN PLACE

You must have seen that there is an increase in the number of Covid-19 cases during the recent weeks. As such Ministry of Education through a circular has advised all schools to re-activate the protocols that were in place in the beginning of the year. This, to safe guard ourselves and protect the children in school.

It is compulsory for all the parents, guardians, visitors, teachers entering the school premises to wear mask. You may be not allowed if there is no mask. Please co-operate to fight against this variant. For students we are strongly encouraging them to wear masks in school and public places. Please let the class teacher know if there are any issues with wearing masks. Temperature check and hand washing is ongoing. We would like to seek co-operation from your end to keep everyone safe. Please feel free to call HT on 9718646 for further clarification.
