TERM 2, 2019

FOCUS PONITS FOR PARENTS

- Monitor students whereabouts on their way to and from school.
- Health inspection is carried out daily in school
- Assist children with their homework and daily reading.
- Provide fruits and water bottles to your children.
- Instill good values and encourage good behavior at all times.

SPORTS

School will be taking part in the following sports event in this term:

- ♦ Soccer: under 10,12,14
- ♦ Netball: under 11,12,13,14
- ♦ FRU development training session with qualified personnel's.

Parents: Make time to share books

Try to set aside ten minutes a day to read together. Turn the television and the radio off to help your child focus. Always start a new book by looking through it together and talking about what it might be about – look at the cover, the contents page and the pictures. This kind of chat helps the child by giving them a sense of what's in the book before they start to read it, and preparing them for some of the words they will meet. This means you are setting them up for success right from the start.

When you are helping your child to choose a book, a good way to check the level is what's called the '**five finger test**'. Open a page of the book and ask your child to put one finger up for every word they don't know. If all five fingers have been used up, the chances are that the book is too difficult.

Do let your child read favorite books over and over again if they want to. Research shows this will help them become more fluent readers. And let them read what most grabs their interest – comics, information books or text on websites can be just as valuable as stories.

REMINDER TO PARENTS AND GUARDIANS

All parents are kindly reminded to report to the school office for any clarification and issues.

There is a parents pass issued from the school office and with that you can visit your class teachers. However, if you need early departures for your child please fill an early departure form issued from the school office.

Any queries and enquires please walk into the office and you will be explained better about events and issues.

Channel of communication for all parents and guardians is first to the school office then to Ministry. We are aiming to solve all your issues at school level rather than going to the Ministry of Education.

Please feel free to walk up to the school office at any time convenient to you and raise your concerns. Remember at

times we [parents] get frustrated with things and issues, but there are always solutions to every problem. We want to create a friendly and conducive atmosphere for every one at the school.

We treat everyone as equal and fair in this institution.

TIPS FOR PARENTS

- ♦ See that children reach school and home on time.
- ♦ Check exercise and activity books for your children daily.
- ♦ Homework books to be checked every evening.
- ♦ Please see that children behave in the bus while travelling . We are doing our level best, however, more effort is needed from your end as well.
